Message from the Guest Editors

Dear Colleagues,

The Special Issue of *Sustainability* titled “Renewable Energy and Sustainable Economy Transition” will look into the following topics:

- Studies comparing global or regional situation and/or evolution related to renewable energy consumption and production
- Energy policy measures undertaken in regions, countries, or local zones to promote renewable energy, in particular those that promote a circular economy
- Sectoral measures undertaken in regions, countries, or local zones to promote renewable energy, in particular those that promote a circular economy
- Renewable energy, economic growth, and sustainability/emissions: reviews and new studies
- Renewable energy sources and economic growth
- Transition to renewable energy and its impact on the economy
- Renewable energy use in essential sectors for world economic growth
- Transition to 30%, 50%, and 100% renewable energy: targets, forecasts, portfolios, etc.
- Economic sector growth thanks to renewable energy development
- Studies focusing on the negative impact that renewable energy could have on the economy
- Other related topic or studies

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:—free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed by the [Science Citation Index Expanded](#) and [Social Sciences Citation Index](#) (Web of Science), as well as [Scopus](#) and [other databases](#).

Rapid Publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 14.7 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the second half of 2020).
